

Enjoy the mountains with your dog

Whether you are an expert hiker or not, some unprecedented areas allow you to walk around with your dog.

We suggest you several routes that depart from the hotel and for which you will not need to take your car. Walk "through" nature following the different marked paths to Torrassa swamps, up to València d'Àneu, or the circuit to Esterri d'Àneu, across Sorpe, Àrreu, Boren and Isavarri. Don't you know all these villages yet?

Additional information:

We have adapted Hotel Vall d'Àneu to make your dog feel home. Check what we have prepared for you on your arrival!

Although you can do it all year round, spring and autumn are the best seasons... Try it also in winter with snowshoes! Contact our guides! Their knowledge of the history and of the most remote places in Àneu valleys will make you live a unique experience.

Hotel-Hostal Vall d'Àneu

Since 1991, Hostal Vall d'Àneu welcomes you to its historical building, put up by a brave antecessor in the most beautiful spot of Esterri d'Àneu –at his discretion. Nowadays, Hotel Valls d'Àneu is also available and just in front of the other one. Ah! And our cuisine is known for its simplicity and the typical taste of the Pyrenees cuisine.
