

Multiadventure! Rafting and canyoning

Discover the real magic of the Pallars region deep in its rivers and mountains! Rafting down the Noguera Pallaresa (considered one of the 3 best navigable rivers in Europe) and canyoning down Berrós ravine in the middle of the impressive landscapes of Valls d'Àneu are unique and unforgettable experiences. Fun, emotion and unique way to enjoy nature guaranteed! Our experienced guides will do their best to make you live a perfect adventure with your friends or family. We always work with small groups, avoiding hurry and enjoying every moment.

Additional information:

Our offer includes:

- Rafting session down the Noguera Pallaresa river
- Canyoning session through Berrós ravine, in the heart of Valls d'Àneu.

Both activities are fully adaptable to the age and level of the participants. You will learn the basics of river rowing and abseiling, among others.
